RE: Westgate Mobile Home Park - Greenville County

Dear Mr. Lair:

Please consider this as a formal request to EPA for the above referenced site to be considered for an EPA removal action. Attached is sampling results for total lead at three locations within the mobile home park. It is my understanding that there are young children living within the park and based on one sample, an unacceptable exposure risk for young children may exist.

If you need any additional information on the site, you can contact me at (803)734-5168.

Sincerely,
